Customer notes

needs to
* Update Graphs in our design

* Detailed explanation for key takeaways

* four stories as basis.
* Impact stories, infographics are absolutely important.

* Design that should look attractive and could be in different shapes I design.

* Explaining or user help guide to support people.
* Podcasts, Social media could be useful to build a design.
* Creating a summary page rather than the individual ones.
* Filter the content, so it makes it better.
* Important info should be on the top of the page.
* Feedback from the users helps to improve our work.
